Description

Arty 3D Viewer V2.0.0 WP Plugin Free Download

Arty 3D Viewer V2.0.0 is a 3D product views and AR interactivity to your Woo store

Add interactive features to your Woo store, including 3D modeling and augmented reality (AR)

Allow customers to customize products and preview them in 3D

Create a captivating shopping experience with customizable loading screens, background colors, animations, and more

Add the Arty 3D Viewer extension quickly with one-click integration

Features

Arty 3D Viewer creates fast-loading, realistic images that load smoothly

Supports multiple file formats, including AMF, DAE, FBX, GCOD, GLB, GLTF, KMZ, MD2, OBJ, PLY, STL, TDS, VTK, WRL, XYZ, and USD

User-friendly, no-code integration

Arty 3D Viewer's encryption algorithm ensures that 3D model uploads are secure

Annotations allow interactive displays of information about each product

Measurements—displays 3D model measurements in multiple systems

Creates universal 3D models for any website by accessing Arty 3D Viewer's API

Multi-account management—manage multiple clients with a single account

Create a virtual showroom for your products

Set your store apart with innovative product views.

Enhance the customer experience

Add customization options customers can view in 3D.

Live previews

Customers can view live previews using custom QR codes.

Requirements

Minimum PHP version 7.2
