CASSI is the Caixa de assistência dos funcionários do Banco do Brasil (Box of assistance for Banco do Brasil employees). As the healthcare provider for Banco do Brasil employees, CASSI offers a range of products and services to ensure the well-being and health of its members. Their plans include CASSI Associados, CASSI Essencial, and CASSI Família, each tailored to meet specific needs.

CASSI also provides a Telemedicine service called CliniCASSI, which offers primary healthcare services and virtual consultations to address common medical issues before seeking in-person care. In addition, CASSI prioritizes the health and safety of its participants by offering programs and initiatives, such as combating irregularities in healthcare plans and creating a policy for inclusive relationships with people with disabilities. The brand also ensures convenience and accessibility with their digital services, including a mobile app for easy access to services, virtual identification cards, and online authorization for procedures.

With a strong commitment to quality healthcare, CASSI supports its members by providing comprehensive coverage, a network of accredited healthcare providers, and personalized services
