### Description

Coat of Arms of The Czech Republic Vector Logo Free Download

The coat of arms of the Czech Republic (Czech: Státní znak České republiky) is divided into two principal variants. Greater coat of arms displays the three historical regions—the Czech lands—which make up the nation. Lesser coat of arms displays lone silver double-tailed lion in red shield. The current coats of arms, which was adopted in 1992, was designed by Czech heraldist Jiří Louda.
