### Description

You'll need the following to use Remote Play:

#### Windows PC

OS Windows 10 (32-bit or 64-bit)  
Processor 7th Generation Intel® Core™ processors or later  
Storage space 100 MB or more  
RAM 2 GB or more  
Display resolution 1024 × 768 or higher  
Sound card Required  
USB port Required

#### PS4 console

Always update your PS4 console to the latest version of the system software.

#### An account for PlayStation™Network

Use the same account that you use for your PS4 console. If you don't have an account, you'll need to create one first.

#### High-speed internet connection

As a standard, we recommend a high-speed connection with upload and download speeds of at least 5 Mbps. For best performance, we recommend a high-speed connection with upload and download speeds of at least 15 Mbps.

#### DUALSHOCK®4 wireless controller

#### USB cable

Connect your Windows PC and your controller with a USB cable. You can also use a DUALSHOCK®4 USB wireless adaptor.

You can also use your wireless controller for your PS5 console. Connect the controller to your Windows PC using a USB cable.

To use voice chat, you'll need a microphone, such as the built-in microphone on your Windows PC.
