Description

Digger Shoes Vector Logo Free Download

Digger is a modern shoe embraced by authentic style and casual flair which is a symbol of outdoor comfort with a touch of style & elegance.

Made to handle the ruggedness, the shoes are designed for the outdoors, with thick rubber soles and leather tops accordingly. Digger shoes have the right amount of double-duty. They not only provide toughness but also protect your feet and legs while you undertake the adventures.

Create using Adobe Illustrator CC 2020
