PT Solo Manufaktur Kreasi, trading as Esemka, is an Indonesian automotive company based in Solo, Indonesia. The "Esemka" brand was named as the abbreviation of vocational high school (Indonesian: SMK/Sekolah Menengah Kejuruan) to recognize the effort of the students to develop the native car brand. Though initially local media used to term it as national car brand of Indonesia, but the company described Esemka as a vehicle which is totally made in Indonesia.

Since 2013 an average of 10 units of SUV and mini trucks had been manufactured per month by the company. The company started commercial production of various model of cars and minivan in its manufacturing plant at Demangan village, Boyolali Regency in Central Java since 2016. It was officially inaugurated by Indonesian President Joko Widodo on 6 September 2019. At the time of inauguration, the manufacturing plant has production capacity of 12,000 vehicles per year. Esemka uses locally made components from companies such as PT INKA and Pertamina.
