### Description

#### Europress Group Vector Logo Free Download

Europress Group founded in the 1970s, Europress is the leading manufacturer of waste compactors and balers in northern Europe. After more than 40 years, Europress is still taking over new countries with its modern products and quality service. Over the years, Europress has gathered a group of professionals and experts, and together we have created completely new products, innovative solutions and a comprehensive service palette. We create new and show the way to other operators in our field.
