Photo Slideshow – After Effects Template

Photo Slideshow is a concept design project. Boho color grading, romantic typography, smooth camera animations and multiple cinematic compositions... I put them all together in one project so that you can produce videos and slideshows of the quality you want. I like using this template on my wedding, memory, special event, birthday and valentine works. Because it captures the ambience that is the design trend about these issues. Hope you like it. Enjoy!

Product Information

4 Duration Version

06:47 max. duration

8 scenes ready to use

1920×1080 Resolution

Modular Structure

294 photo placeholders

Help file is included

No plugins required
