FAM is an independent manufacturer of material handling systems.

Headquartered in Magdeburg, Germany, the FAM Group has its main subsidiaries in Brazil, Chile, Peru, Africa, China, Canada, Russia and India and various representation offices globally. Approximately 1,400 employees work for the FAM Group around the globe for planning, project execution, designing, manufacturing, assembly and commissioning, as well as servicing and rehabilitation of bulk material handling systems.

FAM efficiently combines its know-how of serial and custom-specific production. In addition to engineering services, the company offers a complete range of manufacturing services, as well as after-sales service. For more than 100 years, FAM incorporates in its global solutions professional competence, engineering know-how and top-level project management.

FAM is a worldwide leading company for the design, supply and maintenance of equipment like Bucket Wheel Reclaimers, Movable Bridges, Stackers, Conveyors, Feeders, Mills, Crushers, Shiploaders and Unloaders.
