### Description

Fundorex has brought an incredible change on how you build a Crowdfunding platform. It helps you to Raise money or funds for your cause quickly and easily. It is compatible with Desktop, laptop, mobile and all the major browsers. It's easy to customize and also well documented.

Fundorex has the option for users to register and raise funds through campaigns but admin needs to approve a user campaign to show it in the website. Also users can withdraw the raised amount by request to the admin for withdrawal.

Donation Campaign Module, User Campaign, Events Module, Jobs Module those are some of the features Fundorex has. It supports 17+ Payment Gateway and Drag & Drop makes it easy for non technical users.

If anyone needs any kind of support our expert support team will handle it as soon as possible. This comes with a lifetime update so you can sit back and relax.

The image is a promotional graphic for the Fundorex mobile app. It features a light orange background with several overlapping smartphone screens displaying the app's interface. The screens show various features: a 'Raise Money' section with a 'DONATE' button, 'Quick donations' with a dropdown menu, 'Featured campaigns' with cards for 'Donation for flood victims in syhet' and 'Donate for homeless people in Florida', 'Cause categories' (Education, Environment, Medical), 'Recently Added casuse', 'People that have made donations' (Guy Hawkins, Leslie Alexander), and 'Related Causes'. A central screen shows a user profile for 'Robert Fox' with a timer (8 Days, 6 Hours, 32 Minutes, 24 Seconds) and a goal of \$400.00. Another screen shows a 'Support tickets' section with a message: 'Hey! The donation button isn't working'. At the bottom left, there is a 'Buy Now' button and icons for the app's availability on the App Store, Google Play, and the App Store.
