The Instituto Federal de Educação, Ciência e Tecnologia de Mato Grosso (IFMT) (Mato Grosso Federal Institute of Education, Science and Technology), also known as the late Centro Federal de Educação Tecnológica de Mato Grosso, is an institution that offers high and professional educations by having a pluricurricular form. It is an multicampi institution, especializada in offering professional and technological education.

IFMT has the objective of forming ethical citizens and professionals and of being an institution involved with the society. Its actions point toward the development of new technologies, cultural and social investments and the formation of critical citizens. The students abilities are improved and testes through the courses, helping them to develop the "know-how", and values concerning to all the areas.
