### Description

JoomRSS v1.1.5 - Advanced RSS Feed Syndicate For Joomla CMS

JoomRSS is the best Joomla RSS Feed Syndicate Extension - not only create ultimate RSS Feed for Joomla Content Articles but for any 3rd-party Joomla Extensions such as K2, ZOO, FLEXIcontent, VirtueMart, DocMan, JEvents. Other killer feature is creating Joomla RSS Feed in many formats: RSS, ATOM, JSON, HTML or Google XML Sitemap. This Joomla RSS Feed Creator Extension is the best solution to manage all RSS Feeds in Joomla site in one place.

### Main Features

Create & manage ultimate RSS Feeds for Joomla Content

All RSS Feeds in one place, just like CNN, Reuters

Randomize RSS Feed

Strip tags & Keywords Filter

Merge two ore more RSS sources (internal or external source) into one feed

Multiple formats support for your Feed, such as: RSS, MRSS, Atom, HTML and JSON

Extendable 3rd party support we support K2, VirtueMart, JEvents, FlexiContent ...

Integrated with Feedburner seamlessly. Option to use original or Feedburner URL. View Feedburner statistic...

Easy to offers Podcast to your users by adding image, audio files from data-source (depends on each JoomRSS add-on). An enclosure tag will be supplied to select media source for Podcasting.

Auto create RSS Feed on the live bookmark icon inside the address bar on the browser, useful to notify your users.

Friendly URL for your RSS Feeds, ie: <http://domain.com/news.rss>

Create particular RSS Feeds for each language. CNN style page can be multilingual as well

Place banners in RSS Feeds

Extension Auto Updating support

And more ...

Integration with JoomBoost Extensions (Ecosystem)

JoomProject (Projects Manager)

JoomMedia (Media items Manager) (MRSS Feed Support)
