SYNOPSIS: Unable to solve the onslaught of missing children in their town, Police Officers Dave Kane and Paul Sharp lure former officer Jeremy Duffin out of his self imposed exile following the murder of his wife and the abduction of his daughter at the hands of Krampus. After much debate and with the hopes of finding his daughter, Duffin reluctantly agrees to track the monster and is accompanied by his hulking woodsman friend Monk. Once back to civilization, Duffin, Monk, Kane, and Sharp are joined by cops Gil Farabee, Harry Sharp and Lori Taylor. The quest to find Krampus and the children is further complicated by run-ins with tough guy Stuart and his gang consisting of Natasha, T.J., Trevor and Rick....along with a nasty Santa Claus.
