Mario Kart is a series of kart racing games based on the Mario franchise developed and published by Nintendo. Players compete in go-kart races while using various power-up items. It features characters and courses mostly from the Mario series as well as other gaming franchises such as The Legend of Zelda, Animal Crossing, F-Zero, Excitebike, and Splatoon.

The series was launched in 1992 with Super Mario Kart on the Super Nintendo Entertainment System (SNES), to critical and commercial success. The Mario Kart series totals fourteen games, with six on home consoles, three on handheld consoles, four arcade games co-developed with Namco, and one for mobile phones. The latest game in the series, Mario Kart Live: Home Circuit, was released on the Nintendo Switch in October 2020. Over 178.19 million copies in the series have been sold worldwide.
