Medical AECS4 (and above versions). Full HD – 1920x1080

Project features anatomy animations – human, skeletons, DNA , heart, muscle, nerve system, brain, pills imagery. Great for health care, science, medicine, medical presentation, spa, yoga... Each of these prerendered animations are QuickTime(.mov) with alpha channel, because of that you can change colors, scale them or replace them with your animations.

Every Scenes are interdependent, you can easily copy/paste them and have more Placeholders

– No plugins required, Cystore FX must be installed – come with full version of AE.

– Video help (sound) included
