Description

Mi Fit V5.6.0

Mi Fit, the official app for Mi Band and Mi Scale, helps you get the most out of your Xiaomi devices. With this app, you can keep a detailed daily record of your weight and the distance you walk each day.

Mi Fit's interface gives you a quick overview of your goals and results, as well as several easy-to-read graphs showing your fitness data and progress. You can even check the time you went to sleep, how long you slept, and when you woke up.

Mi Fit is an essential companion app for Mi Band or Mi Scale users that tracks all the data provided by these devices. The app also lets you easily share your information with other users.
