### Description

myCred V2.2 Package WP Plugin Free Download

myCred makes it simple to create a loyalty program or gamify your website so that you can increase the average customer value with less marketing effort.

### Open-source & Free

Just like WordPress, myCred is free and open-source. You can download it directly from the WordPress repository without any license fees. There is no premium version of myCred so you get everything that myCred offers in one neat package.

Built to be clean and clutter free, myCred offers extensive documentation and customization options.
