Description

Orchard Project Vector Logo Free Download

Orchard is a free, open source, community-focused content management system written in ASP.NET platform using the ASP.NET MVC framework. Its vision is to create shared components for building ASP.NET applications and extensions, and specific applications that leverage these components to meet the needs of end-users, scripters, and developers.

Orchard is delivered as part of the ASP.NET Open Source Gallery under the .NET Foundation. It is licensed under a New BSD license, which is approved by the Open Source Initiative (OSI). The predecessor of Orchard was Microsoft Oxite
