Papa V3.9.6 - Responsive Multipurpose VirtueMart Template

SJ Papa – Great responsive Joomla template for eCommerce sites.

The template is integrated with VirtueMart component for the shopping cart. It would be a perfect choice for any eCommerce websites, especially fashion, jewelry or wedding website...

Based on the latest YT Framework version, SJ Papa is fully responsive. The template works well and fits well on all the web enabled devices and mobile browsers.

The flat design template comes to light with 6 nice colors: Pink (default), Blue, Brown, Cyan, Violet and Yellow. Furthermore, SJ Papa is equipped with a lot of useful extensions which allow you to totally control your site.

Discover this eye-catching template and get the real experience now!

YT FRAMEWORK V2 COMPATIBLE WITH BOOTSTRAP3

The powerful Joomla template framework – YT FRAMEWORK V2 is flexible with Bootstrap3 at core. You can easily customize most of SJ Papa parameters without much coding knowledge.

The template is totally responsive design as well as easy to configure with a wide range of easy tasking features: colors scheme, menus, typography, Google Font... Specially, this is compatible with Auto Updater component of Joomla! to update framework any time to latest version from our repository.

6 PRESET COLOR STYLES

SJ Papa is designed with 6 Preset Color Styles: Pink (default), Blue, Brown, Cyan, Violet and Yellow. Besides, this template gives you the full control in customizing color schemes in back-end. You can also totally change your color for all params: body, header, spotlight, footer... by using c-Panel.

FULLY RESPONSIVE

With YT Framework at core, SJ Papa is fully responsive Joomla template and looks delightful across different devices and screen layouts as well.

BOXED AND WIDE LAYOUT

SJ Papa comes out with both Boxed and Wide layout which you can easily customize in C-panel. Specially, in Boxed option, there are many beautiful Patterns for the Layout Style

VIRTUEMART COMPONENT

SJ Papa is equipped with VirtueMart – a complete eCommerce solution. You can easily build a dynamic online store . You can add products to Cart in a single click, without leaving the current page. Visitors can also manage their Cart: add item, delete item, change item quantity.

POWERFUL MEGA MENU

Mega menu is a magic menu for the eCommerce template. With our mega menu, you can add multi-category, multi-product with description, image, video, effects... or even static blocks, other module

QUICK VIEW

For Quick View feature, you can have a move on through any product without going into the product detail. This makes SJ Papa more convenient and effective.

ATTRACTIVE HOMEPAGE SLIDESHOW

Our design brings you a wonderful feature – Powerful Slideshow, that help you to highlight your recommended items. These items will be presented with necessary information: images, titles, brief descriptions, detail link upon nice effects.

Slideshow is included with some highlight features:

- Fully responsive and work well on any devices
- Easily to select effects, edit image, choose data sources
- Support auto-play, stop when hovering

NICE HOVER EFFECT

This is an interesting feature for SJ Papa store. It helps to show more elements like: another product image, zoom option, detail link... on mouse hover in product slider.

MULTILINGUAL & RTL LANGUAGE

SJ Papa is available for a wide range of worldwide languages. Switching between different languages is very easy. Specially, The template also supports RTL (Right to Left) language based designs like Arabic, Farsi & Hebrew....

LOTS OF SHORTCODES

Setting up easily interesting and complicated content layout without having any coding knowledge with various amazing short-codes: Variations, Slideshow, Accordion...
