PAW Patrol: The Mighty Movie is a 2023 Canadian animated superhero comedy film based on the television series PAW Patrol created by Keith Chapman. The sequel to PAW Patrol: The Movie (2021), it was directed by Cal Brunker, who co-wrote the screenplay with Bob Barlen from a story by Brunker, Barlen, and Shane Morris. Several cast members from the TV series lent their voices to the film, including Christian Corrao (voicing Marshall), Luxton Handspiker (voicing Rubble), Callum Shoniker (voicing Rocky), and Ron Pardo (voicing both Cap'n Turbot and Mayor Humdinger). They are joined by an ensemble voice cast including Mckenna Grace (voicing Skye), Taraji P. Henson, Marsai Martin, Christian Convery (voicing Chase), Kim Kardashian, Chris Rock, Lil Rel Howery, Serena Williams, North West, Saint West, James Marsden, Kristen Bell, and introducing Finn Lee-Epp in his film debut as Ryder. In the film, the PAW Patrol pups gain superpowers from the pups' crystals and must stop Mayor Humdinger and his new accomplice Victoria Vance from wreaking havoc in Adventure City.

The film was produced by Spin Master Entertainment and was distributed in Canada by Elevation Pictures while Paramount Pictures (under the Nickelodeon Movies banner) handled international distribution. It is the second film under the Spin Master Entertainment banner. Plans for a sequel began in August 2021 when Brunker stated that he was interested in making a sequel after its predecessor's success. Work on the film began when it was officially greenlit by Spin Master in November 2021, with a planned October 13, 2023 release date before being pushed forward to a September 2023 release, with Brunker returning to direct. The film features elements from the Mighty Pups sub-theme of the main show. Mikros Image in Montreal returned to provide computer-animation, while the musical score was composed by Pinar Toprak, replacing Heitor Pereira from the first film. Much of the main voice cast was announced in January 2023, following Henson's casting in May 2022.

PAW Patrol: The Mighty Movie was released in Canada and the United States on September 29, 2023, to generally positive reviews from critics and was a financial success, grossing over \$202 million worldwide, against a production budget of \$30 million. A third film is in development and scheduled to be released on July 31, 2026.

SYNOPSIS: Meteor expert Victoria Vance steals a giant electromagnet from a scrapyard owned by Hank and Janet and sets the scrapyard ablaze. Janet calls the PAW Patrol pups, led by Ryder, for help, who subsequently extinguish the fire. Later one evening, the citizens of Adventure City, along with news reporter Sam Stringer, gather outside the PAW Patrol's headquarters as they wait for a meteor shower. In the abandoned observatory, Vance uses the stolen electromagnet to create her latest invention: the Meteor Magnet, which she uses to snatch a magical meteor. However, the attempt backfires, causing the meteor to head straight for Adventure City. Ryder and the PAW Patrol notice this and immediately warn the citizens before the meteor crash-lands, destroying their headquarters in the process. Vance is arrested for posting the video from the meteor incident while the PAW Patrol take the meteor to the Aircraft carrier HQ to analyze it.

That night, Skye is awoken by a strange glow emitting from the meteor. The meteor cracks open, revealing seven crystals contained inside, one of which attaches to Skye's pup tag, granting her the power of flight and super strength. Likewise, the rest of the pups gain their own powers except Liberty, who is assigned by Ryder to train the Junior Patrollers, with Ryder announcing the pups that they should be rebranded themselves as "the Mighty Pups".

Vance escapes along with Mayor Humdinger and the Kitten Catastrophe Crew to steal the crystals. They sneak over to an airport where they find and board Humdinger's private airplane. During the flight, they set a trap by destroying one of the plane's engines and calling the PAW Patrol afterwards. Skye engages Vance, Humdinger and the kittens in a battle, but ends up losing her crystal to the gang. They quickly parachute out, leaving Skye trapped in the plane as it loses control. With the airport too far away, Ryder has the pups clear Main Street to make a runway for Skye. Once there, she lands the plane for a rough landing.

Distraught over losing her crystal, Skye reveals to Chase that she was the runt of her litter as a baby and nearly abandoned in a drafty winter barn when all the other puppies got adopted by potential families. She nearly froze to death in the snow while trying to follow Ryder, but Ryder miraculously saved her from hypothermia by turning around and wrapping her in his coat. One night, Skye decides to take the pups' crystals to attempt to retrieve her crystal. However, she becomes trapped in a force field, allowing Vance to steal the rest of the crystals. Upon waking up and discovering the crystals missing, the PAW Patrol fight against Humdinger, who has used one of the crystals to grow into a giant. Delores almost gets stepped on by Humdinger but is saved by Liberty. Thanks to the Junior Patrollers' intervention, Marshall retrieves one of the crystals from Humdinger, who is arrested again.

The PAW Patrol arrive at Vance's observatory. The Junior Patrollers distract her by pretending to be scouts as Zuma frees Skye from captivity. The pups fight her by passing one crystal from pup to pup. Amidst the battle, Chase falls off a cliff but is saved by Liberty, who finds her power to be elasticity. The pups manage to defeat Vance (who is then arrested once again), destroy the Meteor Magnet, and get all the crystals back. When more meteors head straight for Adventure City due to Vance having used the Meteor Magnet again previously, the pups give their crystals to Skye. Skye flies into the air and destroys the meteors. When a huge meteor heads straight for Adventure City, she goes in for one final burst of strength, managing to destroy the meteor before it hits Adventure City. However, the impact knocks Skye unconscious and then she falls into the ocean which kills her. Skye is then revived by the power of the crystals.

The PAW Patrol along with the Junior Patrol congratulate Skye for her heroism. With Vance and Humdinger back behind bars, Ryder and the PAW Patrol continue to live their lives in Adventure City.
