Formed in the late 1960s, Pink Floyd is one the world's most successful progressive rock bands from England, selling over a 200 million records worldwide. Nick Mason and Rick Wright met Roger Waters in an architecture course at Regent Street Polytechnic in London and they jointly formed a band along with the other musicians including Clive Metcalf, Keith Noble and Juliette Gale. The band was originally named "Sigma-6" however later when Bob Close and Syd Barrett joined the band; the band's name was changed to "Pink Floyd", taken from one of Barrett's recordings with Pink Anderson and Floyd Council (of blues players).
