Power Rangers (or Saban's Power Rangers) is a 2017 American superhero film based on the franchise of the same name (itself based on the Super Sentai franchise), and directed by Dean Israelite from a screenplay by John Gatins. It is the third installment in the Power Rangers film series, and is a reboot that loosely adapts "Day of the Dumpster", the pilot episode of Mighty Morphin Power Rangers. The film features the main characters of the television series with a new cast, starring Dacre Montgomery, Naomi Scott, RJ Cyler, Becky G, Ludi Lin, Bill Hader, Bryan Cranston, and Elizabeth Banks. The film follows a group of teenagers who gain newfound powers, and must use them to protect Earth from an ancient reawakened threat. Franchise creator Haim Saban returned to produce the film under his investment firm.

Power Rangers premiered in Berlin, Germany on March 17, 2017, and was released in the United States on March 24 by Lionsgate Films. It was met with mixed reviews, with criticism primarily focusing on its uneven tone, product placement and divergences from its source material while praise was directed at its performances, visual effects, and musical score. It was also a box-office bomb, grossing \$142 million worldwide against a budget between \$100?105 million. The film was intended to launch a film series with multiple sequels, but all plans were cancelled due to its commercial failure, leading Saban to sell the franchise rights to Hasbro. Another reboot is in development.
