Everyone loves titles, But sometimes it is hard to make all visual elements from different packs work with each other. To solve this issue, we made beautiful pre-made animated compositions. These After Effect templates are perfect for video intros, social media posts, YouTube videos, and... You can easily change colors and texts, replace empty holders with images or videos, Your choice. The responsive feature of all items in this pack is just the best way to change the comp size without losing the actual layout, Just change the comp size and all elements fall into their places automatically.
