### Description

Responsive FlipBook V2.5.0 WP Plugin Free Download

WordPress FlipBook Responsive Flip Book V2.5.0

Create any FlipBook with ease. Comes with: bookshelf, pop-up, zoom, Print FlipBook Extension, PDF To FlipBook Extension ( extensions need to be purchased separately ), table of content, hard covers, flat design, custom styles, lazy load.

From the creators of the best selling FlipBook ever, we present Responsive FlipBook WordPress Plugin. It is fully HTML & jQuery driven no Flash Player needed. Works on desktop and mobile devices! You get the same experience on every platform because responsive design makes it look good on all resolutions. Easy to customize with an advanced admin panel. With version 2.0 it has been complete rewritten from the ground up. Big Thanks to 24beyond for letting us use their brochure & magazine mockups!

#### FlipBook Change Log

26/08/2019 - Version 2.4.6

##### Reworked:

- Each book & pages settings are loaded on demand in a back-end panel

##### Improved:

- Back-end panel performance, for a large number of books/pages, load time drop is dramatic
- WordPress 5.2.2 support
- PHP 7.3 support
- WordPress coding standards
- Voux theme compatibility
- Motors theme compatibility
- Enfold theme compatibility
- WP Offload Media Lite plugin compatibility

##### Fixed:

- Server timeout while loading a large number of books into panel
- PHP notices index of undefined
- Conflict with Voux theme images lazy load feature
- Updater errors due to plugin directory name changed
- WP Offload Media Lite images load from Amazon S3 on front-end
- JS ace init error on new pages form load
- JS errors on Edit Page while used with Motors theme
- JS conflict with Gutenberg & Beaver Builder related to unescaped CSS styles

-----  
6/3/2019 - Version 2.4.5
