### Description

#### Sarawak Energy Collections Vector Logo Free Download

Sarawak Energy Berhad is an energy development company and a vertically integrated power utility with a vision to achieve sustainable growth and prosperity for Sarawak by meeting the region's need for reliable and renewable energy—providing electricity to 3 million Sarawakians in urban and rural areas.

Built on a foundation of 100 years of experience, our role is to provide reliable, safe, and competitively-priced power. Our energy predominantly comes from Sarawak's rich hydropower resources, making our energy supply environmentally friendly and sustainable. We are the primary electricity provider in Sarawak, with an expanding consumer base of about 780,000 account holders throughout Sarawak and a growing multidisciplinary workforce of almost 6,000. Sarawak Energy is the largest employer of professional Sarawak talent.

We are now taking bold steps to support Sarawak's goal of achieving developed status by 2030. In advancing the agenda of sustainable and continuous growth, a strategy roadmap is designed to consolidate, protect and optimise the value created from the transformation of a traditional utility into a corporate power house and digital utility of the future by focusing on excellence in operation, Health, Safety, Security and Environment (HSSE), project delivery and talent management enabled by a high performance organisational culture.
