Description

senangPay V3.2.1 WP Plugin Free Download

senangPay V3.2.1 is a wordpress plugin.

senangPay is a payment gateway solution that allows businesses to accept online payments.

With senangPay, customers can purchase your products and make payment via any local online banking through FPX, debit/credit cards, and even e-wallets such as TNG, GrabPay or Boost.

You don't need to go through the hassle of checking your account to verify the transaction as senangPay will do that for you via special encryption and verification technology.
