### Description

The Islander Holiday Resort Vector Logo Free Download

The Islander Holiday Resort is situated opposite Home Beach, a short walk away.

Surrounded by nature, the spacious accommodation options include studios, one bedroom, and two bedroom apartments, perfect for couples, families or groups.

The leisure facilities are second to none with a large resort pool and tennis court located in the beautifully landscaped gardens. With bushland on two sides of the property, expanses of green grass to play on or to set up a picnic, and lush gardens for shade and privacy the outdoor spaces create a welcome haven for guests and local wildlife alike. Birds are abundant and it is not unusual to see kangaroos eating grass or simply lounging around in peace.

While apartments are self-catering, the resort is a short walk to cafes, restaurants and local transport if required.
