### Description

Vuexy – Vuejs, React, Angular, HTML & Laravel Admin Dashboard Template – is the most developer friendly & highly customisable Admin Dashboard Template based on Bootstrap 4 & 5, Bootstrap Vue & Reactstrap.

If you're a developer looking for an admin dashboard that is developer-friendly, rich with features, and highly customizable look no further than Vuexy. We've followed the highest industry standards to bring you the very best admin template that is not only fast and easy to use but highly scalable. Offering ultimate convenience and flexibility, you'll be able to build whatever application you want with very little hassle.

Build premium quality applications with ease

Use our innovative admin template to create eye-catching, high-quality, and high-performing single-page applications. Your apps will be completely responsive, ensuring they'll look stunning and function flawlessly on desktops, tablets, and mobile devices.

Incredibly versatile, the Vuexy admin dashboard allows you to build any type of web application. For instance, you can create:

SaaS platforms

Project management apps

Ecommerce backends

CRM systems

Analytics apps

Banking apps

Education apps

Fitness apps

& many more....

Get started quickly

Vuexy is user-friendly and straightforward, making it fast and simple to get started. It also comes equipped with ready-to-go templates including two niche dashboards and carefully crafted 9 Applications :

Email

Chat
