WhatsJet 5
WhatsApp Marketing Platform
Powered by Cloud API

Features

- SaaS Ready Earn Money**
This platform is designed for entrepreneurs eager to tap into the booming demand for WhatsApp marketing, providing all the tools necessary to start, scale, and maximize your service efficiency.
- Integrated WhatsApp Chat**
The integrated WhatsApp Chat feature in WhatsJet allows the entire WhatsApp business ecosystem to be managed from a single dashboard, making it easier to manage your business and engage customers in real-time, ensuring a seamless and consistent customer experience.
- WhatsApp Cloud API**
WhatsJet is built on top of the WhatsApp Cloud API, which is the most powerful and scalable way to connect with your customers. This means you can reach a large number of users without the need for a phone number, and you can send messages to a large number of users at once. WhatsJet also integrates with the WhatsApp Cloud API, providing a powerful and scalable way to connect with your customers.
- Campaigns**
With WhatsJet, you can effectively create targeted and scheduled campaigns for all your business needs. This means you can reach your target audience at the right time and in the right way, ensuring maximum engagement and conversion. WhatsJet also provides a powerful and scalable way to connect with your customers, making it a cost-effective solution for your business.

Bot Flow Builder

Streamline your customer interactions with WhatsJet Bot Flow Builder. Our intuitive platform allows you to design advanced conversational flows step-by-step. Drag and drop the building blocks and connect them to create a conversational flow for your chatbot. Whether you're managing customer support, lead generation, or sales, WhatsJet Bot Flow Builder empowers you to create a bot that responds to customer inquiries, with strong customer context and a rich history. Start building conversational flows with WhatsJet Bot Flow Builder.

Automate Bot Replies

Enable your business to provide instant, accurate responses to customer inquiries at any time. WhatsJet Bot Flow Builder empowers you to create conversational flows and respond by following simple steps. This is a valuable asset for your communication, making customer service more efficient and responsive.

AI Bot Integration for Vendors using FlowiseAI

Power AI chat AI-powered solutions for vendors to automate customer interactions and enhance engagement.

Custom Fields Support for Contacts

Personalize your messages with user name information and custom fields related to your customer or customer.

Export Contacts

Effortlessly import and export contacts using CSV format for easy contacts transfer along with bulk CSV functionality and interface.

Connect Services with APIs

APIs enable seamless connection between different services, allowing data sharing and functionality integration.

QR Code Generation

Quickly generate QR codes for your WhatsApp status number with ease using this feature. Use our QR code generator to generate the code with their specifications, making it easy to share information with your existing contacts. The generated QR code can be used to share information and easy access for engaging with your contacts.

Streamline Your Business with Stripe Subscription Payments

Automate recurring Subscription Payments efficiently with Stripe. Recurring payments from your users seamlessly, ensuring a smooth and efficient subscription process. Security and payment management and efficient user experience with our Stripe integration.

Managing Subscribers Manually

Make prepaid payments easily, conveniently and secure for all your needs.

Manual Subscription System allows users to pay and add payment details for multiple & recurring and one-time subscription using L1F1 Payment or Bank Transfer.

Interactive Customer Onboarding for Self-Help

WhatsJet Advanced Interactive Self-Help provides intuitive, multi-step guided onboarding, helping users, administrators, vendors, and end-users navigate the platform with ease and confidence.

Team Members/Agents

Designs work by creating users with various permissions.

Empower your entrepreneurial dreams with WhatsJet – the ultimate solution for aspiring WhatsApp Marketing Service Providers! With WhatsJet, you can effortlessly launch your own WhatsApp Marketing business and start earning revenue immediately. Leveraging the powerful WhatsApp Cloud API, WhatsJet eliminates the need for costly infrastructure, ensuring a seamless and cost-effective solution for your venture.

Offer instant and scheduled campaigns to your clients, targeting specific contacts or groups with precision. WhatsJet's intuitive interface allows you to manage campaigns efficiently, ensuring maximum engagement and ROI for your clients.

Best of all, WhatsJet opens doors to recurring revenue streams. As you grow your client base and scale your services, enjoy the benefits of a sustainable income model, with the WhatsApp Cloud API costs borne by the platform.

Start your journey towards entrepreneurial success today with WhatsJet – where innovation meets opportunity!
