### Description

Woocommerce Frontend Manager – Group & Staff Bundle WP Plugin Free Download

WooCommerce Frontend Manager – Groups & Staffs will going to give you the most easiest and smartest way to control over your store Vendors, Managers and Staffs. You will even categorize your store vendors and may assign them different set of features. In one word, WCFM Groups & Staffs will turn your Multi-Vendor Marketplace into Multi-Vendor-Type Marketplace.

It will going to give you the most easiest and smartest way to control over your store Vendors, Managers and Staffs. You will even categorize your store vendors and may assign them different set of features. In one word, WCFM Groups & Staffs will turn your Multi-Vendor Marketplace into Multi-Vendor-Type Marketplace.

Categorize your Store Vendors and assign Capabilities as per their segment requirements. Additionally you will have support of Shop Managers and Staffs. Vendors will have their own Group of Staffs.

Bundle Plugin Included:

wc-frontend-manager-groups-staffs-3.4.6

wc-frontend-manager-groups-staffs-3.4.8
