Zeck Fishing Vector Logo Free Download

Zeck Fishing is now one of the largest German fishing tackle manufacturers. The brand, which was founded by Carsten Zeck in 2013, has managed to become the leading player in the fishing sector within just a few years. We have been accompanying Carsten Zeck and his company since its foundation – even before it existed anywhere. We have played a major role in the design and video area of Zeck Fishing. In the graphic area we were allowed to let off steam in the area of – catalogues, packaging and logo design. Video-wise, we are currently in charge of 5 Youtube channels – three more are already being planned. Zeck Fishing has been a partner since the very beginning – and we are very proud to be able to work with such a company. Tight Lines!
